

Global OpEx Solutions

2-DAY SEMINAR

Course Code: BTB-V01

Skipping the basics and implementing Lean or 6σ has cost companies unnecessary radical changes resulting in a failed or mediocre operational excellence journey. Implementing and ensuring the basics to provide a stable foundation is the key preparation required for a successful and sustainable continuous improvement journey. Participants will learn the components of the basic system which serves as the foundation to implementing a successful and sustainable continuous improvement system. The *Back to Basics of Operational Excellence* course complements the *Integrated Management System* course. This course is for both, leaders and practitioners, while *Integrated Management System* is primarily for continuous improvement leaders and facilitators.

Key Topics

- ◇ 5S Workplace Organization
- ◇ Standard Work
- ◇ Daily Visual Management
- ◇ Problem Solving
- ◇ Rapid & Continuous Improvement (Kaizen)

Learning Objectives

- ◇ Why go back to the basics of operational excellence
- ◇ How the basic tools serve as a foundation for a well connected system
- ◇ How to implement 5S for efficiency & effectiveness
- ◇ How to implement standard work in different work environments
- ◇ Daily visual management to enhance communication & to expose problems early
- ◇ Problem-solving & kaizen workshops
